

I am requesting the specific privileges marked below. I understand that I may request additional privileges, or privileges in another Clinical Department, at any time. I also understand that the granting of these privileges is subject to verification of proficiency by the Chair of the Department, the Credentials Committee of the Medical Staff, and/or any other person or body appropriately designated under the Bylaws, Rules and Regulations of the Medical Staff.

I understand that in an emergency (any situation in which any delay in administering treatment would result in serious harm to the patient or an immediate threat to the life of the patient), I am authorized to treat any medical disease and/or perform any medical or surgical procedure indicated that is within the scope of my license.

Basic Education/Certificates: M.D. or D.O

Minimum Formal Training: Successful completion of an Accreditation Council for Graduate Medical Education (ACGME)– or AOA-accredited residency in any medical specialty.

AND

Current certification or active participation in the examination process (with achievement of certification within 7 years for AMBS or 6 years for AOA) leading to certification by the ABMS or the American Osteopathic Boards and successful completion of an accredited training program in addiction medicine, and one year's full-time equivalent in the field of alcoholism or drug dependencies in addition to, and not concurrent with, residency training; and 50 hours Category I CME related to addiction in the past two years, or current certification by ABAM, or foreign training and board equivalency.

Renewal Criteria: Practitioners who do not meet the activity levels for maintenance/renewal criteria (such as Courtesy appointee) for particular privileges may submit – from their primary practice location—either;

- A.) A peer reference from the service Chief or Chair attesting to clinical competence in the requested privileges, or
- B.) Case-logs of clinical activity from their primary practice location.

Addiction Medicine Privileges

Requested	Privilege Description	Initial Criteria	Renewal Criteria	Proctoring
	A - Core privileges in specialty addiction medicine include the ability to admit, evaluate, consult, and provide care to patients of all ages with problems of addiction and substance-related disorders, including management of severe or complex intoxication, severe or complex withdrawal, medical complications of addiction and other substance-related disorders, social and psychological complications of addiction and other substance-related disorders, and integration of addiction medicine expertise with other healthcare providers. This includes performance of history and physical exam. Practitioners may provide care to patients in the intensive care setting in conformance with unit policies. Practitioners may also assess, stabilize, and determine the disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services.	The successful applicant must demonstrate provision of care, treatment, or services, reflective of the scope of privileges requested, to at least 50 diagnostic or therapeutic addiction medicine cases in the past 12 months or successful completion of an ACGME- or	Reappointment should be based on unbiased, objective results of care according to a hospital's quality assurance mechanism. To be eligible to renew privileges in addiction medicine, candidates must have current demonstrated competence and an adequate volume of experience (32	(10) Satisfactory patient encounters/or consultations must be submitted to complete proctoring

		AOA-accredited residency or clinical fellowship within the past 12 months.	diagnostic or therapeutic addiction medicine patients) with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current physical and mental ability to perform the privileges requested is required of all applicants for renewal of privileges. In addition, continuing education related to addiction medicine should be required.
